

# The Healing Place

The Healing Place (THP) is a long-term residential recovery program that includes a workforce development program, a transitional sober living community, and an active Alumni Association to sustain lifelong sobriety.

For more than 13 years, THP has provided the tools and resources for sobriety, employment, and spiritual wellness for more than 8,000 men.

Services are provided at no cost for men and will be available for women in 2020.
